

EXHIBIT B - CONDITIONS OF APPROVAL REVISED 7-11-2016
WHITE WATER PROPERTIES DRC2015-00118

Approved Development

1. This approval authorizes
 - a. The remodel of the White Water Inn and Windrush Motel. Alterations to the White Water Inn include the remodel of the existing lobby and onsite residence into (1) motel unit and a new lobby. Alterations to the Windrush Motel include the remodel of the onsite residence, (2) motel units, and existing art gallery into (5) motel units with private patios. No additional square-footage is proposed for the White Water Inn; 360 square-feet of room addition and 1,577 square-feet of pervious patio/deck area are proposed for the Windrush Motel.
 - b. Maximum height is 15 feet from average natural grade.

Conditions required to be completed at the time of application for construction permits

Site Development

2. **At the time of application for construction permits**, submit a revised site plan to the Department of Planning and Building for review and approval. The revised plan shall indicate the following and development shall be consistent with this revised and approved plan:
 - a. The private deck for Unit #3 shall be located outside the required 10 foot front setback.
3. **At the time of application for construction permits**, the applicant shall provide details on any proposed exterior lighting, if applicable. The details shall include the height, location, and intensity of all exterior lighting. All lighting fixtures shall be shielded so that neither the lamp nor the related reflector interior surface is visible from adjacent properties. Light hoods shall be dark colored.

Access

4. At the time of application for construction permits, the applicant shall provide evidence to the Department of Planning and Building that onsite circulation and pavement structural sections have been designed and shall be constructed in conformance with Cal Fire standards and specifications back to the nearest public maintained roadway.

5. At the time of application for construction permits, the applicant shall submit evidence to the Department of Planning and Building of a road maintenance agreement. The agreement shall establish an organized and perpetual mechanism to ensure adequate maintenance of the shared access roads in a form acceptable to the County. The road maintenance agreement shall be signed by the owners of all properties which have shared access rights or be fully assumed by the applicant for the full width across their property frontage and back to the nearest county maintained road; be binding upon their heirs and assigns; and be recorded with the County Clerk on each of the effected properties.

Drainage

6. At the time of application for construction permits, the applicant shall submit complete drainage plans for review and approval in accordance with Section 22.52.110 (Drainage) or 23.05.040 (Drainage) of the Land Use Ordinance.

Storm Water Control Plan

7. At the time of application for construction permits, the applicant shall demonstrate whether the project is subject to the LUO Section for Storm Water Management. Applicable projects shall submit a Storm Water Control Plan (SWCP) prepared by an appropriately licensed professional to the County for review and approval. The SWCP shall incorporate appropriate BMP's, shall demonstrate compliance with Storm Water Quality Standards and shall include a preliminary drainage plan, a preliminary erosion and sedimentation plan. The applicant shall submit complete drainage calculations for review and approval.

8. At the time of application for construction permits, if necessary, the applicant shall submit a draft "Private Storm Water Conveyance Management and Maintenance System" exhibit for review and approval by the County.

Fire Safety

49. **At the time of application for construction permits**, all plans submitted to the Department of Planning and Building shall meet the fire and life safety requirements of the California Fire Code. Requirements shall include, but not be limited to those outlined in the Fire Plan Review, prepared by the Cal Fire for this proposed project and dated January 15, 2016.

Services

510. **At the time of application for construction permits**, the applicant shall provide a letter from Cambria Community Services District stating they are willing and able to service the property.

Conditions to be completed prior to issuance of a construction permit

Fees

611. **Prior to issuance of a construction permit**, the applicant shall pay all applicable school and public facilities fees.

Storm Water Control Plan

12. Prior to issuance of construction permits, if necessary, the applicant shall record with the County Clerk the "Private Storm Water Conveyance Management and Maintenance System" to document on-going and permanent storm drainage control, management, treatment, disposal and reporting.

Conditions to be completed during project construction

Building Height

713. The maximum height of the project is 15 feet from average natural grade.

- a. **Prior to any site disturbance**, a licensed surveyor or civil engineer shall stake the lot corners, building corners, and establish average natural grade and set a reference point (benchmark).
- b. **Prior to approval of the foundation inspection**, the benchmark shall be inspected by a licensed surveyor prior to pouring footings or retaining walls, as an added precaution.
- c. **Prior to approval of the roof nailing inspection**, the applicant shall provide the building inspector with documentation that gives the height reference, the allowable height and the actual height of the structure. This certification shall be prepared by a licensed surveyor or civil engineer.

Archaeology

814. A qualified archaeologist shall be present to monitor vegetation removal and subsurface excavation for the project development. In the event archaeological resources are unearthed or discovered **during any construction activities**, construction activities shall cease and the Environmental Coordinator and Planning Department shall be notified so that the extent and location of discovered materials may be recorded by a qualified archaeologist, and disposition of artifacts may be accomplished in accordance with state and federal law. Construction activities shall not commence until a mitigation plan, prepared by a qualified professional archaeologist in consultation with appropriate Native American representatives and reviewed and approved by the Planning Director, is completed and implemented. The mitigation plan shall include measures to avoid the resources to the maximum degree feasible and shall provide mitigation for unavoidable impacts. A report verifying that the approved mitigation plan has been completed shall be submitted to the Planning Director prior to occupancy or final inspection, whichever occurs first. In the event archaeological resources are found to include human remains, or in any other case where human remains are discovered during construction, the County Coroner is to be notified in addition to the Planning Department and Environmental Coordinator so that proper disposition may be accomplished.

Conditions to be completed prior to occupancy or final building inspection /establishment of the use

915. **Prior to occupancy or final inspection**, whichever occurs first, the applicant shall obtain final inspection and approval from Cambria Fire of all required fire/life safety measures.

4016. **Prior to occupancy of any structure associated with this approval**, the applicant shall contact the Department of Planning and Building to have the site inspected for compliance with the conditions of this approval.

Access

17. **Prior to occupancy or final inspection, all public improvements have been constructed or reconstructed in**

accordance with County Public Improvement Standards and to the satisfaction of the County Public Works Inspector.

On-going conditions of approval (valid for the life of the project)

- 4418.** This land use permit is valid for a period of 24 months from its effective date unless time extensions are granted pursuant to Land Use Ordinance Section 23.02.050 or the land use permit is considered vested. This land use permit is considered to be vested once a construction permit has been issued and substantial site work has been completed. Substantial site work is defined by Land Use Ordinance Section 23.02.042 as site work progressed beyond grading and completion of structural foundations; and construction is occurring above grade.
- 4219.** All conditions of this approval shall be strictly adhered to, within the time frames specified, and in an on-going manner for the life of the project. Failure to comply with these conditions of approval may result in an immediate enforcement action by the Department of Planning and Building. If it is determined that violation(s) of these conditions of approval have occurred, or are occurring, this approval may be revoked pursuant to Section 23.10.160 of the Land Use Ordinance.

Access

20. **On-going condition of approval (valid for the life of the project)**, and in accordance with County Code Section 13.08, no activities associated with this permit shall be allowed to occur within the public right-of-way including, but not limited to, project signage; tree planting; fences; etc without a valid Encroachment Permit issued by the Department of Public Works.

21. **On-going condition of approval (valid for the life of the project)**, the property owner shall be responsible for operation and maintenance of public road frontage sidewalks, landscaping, street lighting, and pedestrian amenities in a viable condition and on a continuing basis into perpetuity or until specifically accepted for maintenance by a public agency.

Fees

22. **On-going condition of approval (valid for the life of the project)**, and in accordance with Title 13.01 of the County Code, the applicant shall be responsible for paying to the Department of Public Works the North Coast Road Impact Fee. The fee shall be imposed at the time of application for building permits and shall be assessed for each building permit to be issued. These fees are subject to change by resolution of the Board of Supervisors. The applicant shall be responsible for paying the fee in effect at the time of application for building permits.

Recycling

23. **On-going condition of approval (valid for the life of the project)**, the applicants shall provide recycling opportunities to all facility users at all events in accordance with Ordinance 2008-3 of the San Luis Obispo County Integrated Waste Management Authority (mandatory recycling for residential, commercial and special events).
